#### TECH PROCEDURES

**WHEN DOING SYSTEM WORK PRICES DO NOT INCLUDE FREON #12 OR SODERING KIT INCLUDES TORCH, FITTINGS, SODER, MISC. A RECOVER SYSTEM OR RECOVERY BAGS ARE REQUIRED TO BE IN TRUCK AT JOB. EPA WILL FINE \$25,000 IF CAUGHT WITHOUT A SYSTEM. THE CHEAPEST SYSTEM IS RECOVERY BAGS, WHIRLPOOL SELLS THESE BAGS. IF YOU CAN'T LOCATE CALL 317-353-0022 AND I WILL SHIP THEM TO YOU. THERE IS A CHARGE FOR THIS**

#### LEAKS:

**WHEN RE-CHARGING A SYSTEM YOU MUST DO SOMETHING TO CORRECT LEAKAGE. SELL BRASS CAPS (2). IF SYSTEM LEAKS AFTER TIME, A SLOW LEAK IS ALWAYS IN THE EVAPORATOR OR A-COIL. A FAST LEAK IS IN THE CONDENSING UNIT WHERE HIGH PRESSURE IS LOCATED**
